Draft Tracking Preview — No Member Data Collected

NO WARD TOTAL

There is no shared progress to show. This page does not collect names, checkmarks, or counts from members. Nothing is sent to the Temple and Family History leader or to Ward Council.

A checklist on a member's phone stays on that phone. Those marks are not added up here.

Shared tracking is not part of this draft. It would be a later decision for the Bishop and Ward Council.

Personal checkmarks, if used on the Hub page, stay on that device and are not reported to the ward. This draft collects no member data and has no ward totals.
